MONTHLY SCREENING

Part of the RDSN regular program

Wednesday 7 November, 6.30pm

September (Australia) 2007 90mins
 Directed by Peter Carstairs 2006 Tropfest Feature Program Winner

September is a humane, cinematic and intricately drawn coming-of-age story – a visually stunning character film about two 16-year-old boys, one black, one white, whose pure and unaffected friendship begins to fall apart against the backdrop of a turbulent and pivotal moment in Australia's past.

Set in Western Australia in 1968, Ed and Paddy have been best friends for as long as they can remember, having grown up together on Ed's family farm. They spend their afternoons together being boys; laughing, reading, smoking and then building their own make-shift boxing ring in the wheat fields where they spar each day and dream of future glories.

But Ed is white and Paddy is Aboriginal and the changing social and political climate threatens to fracture a rock solid friendship.

September will screen as a special sneak preview fresh from screenings at Vancouver, Toronto and Melbourne International Film Festivals. www.hopscotchfilms.com.au
