MARKETING TRAVEL GRANT GUIDELINES 2007/08

Principles

The AFC's Travel Grant program is a funding initiative that supports Australian practitioners travelling internationally to attend screenings of their work at key international film festivals; attend international markets seeking finance for film, television and digital media projects and to attend key international pitching and financing forums.

The aim of the program is to offer practitioners the opportunity to:

- view their film with an international audience
- create and maintain a network of international contacts
- be exposed to content being produced by international contemporaries
- be exposed to production and financing trends in the international marketplace
- market and raise the profile of projects both internationally and in Australia
- pursue international financing opportunities including co-productions
- be a representative of the Australian film industry.

Travel Grant Funding Program

The AFC offers six types of Travel Grants for industry practitioners:

Festival Travel Grants (Type A)

Market Travel Grants (Type B & C)

Pitching Travel Grants (Type D)

Digital Media Travel Grants (Type E)

Exceptional Opportunity Grant (Type F)

The goals of these grants are:

Type A To enable film and television practitioners to attend screenings of their work at selected key international festivals and events; enhance the profile of a film at a festival and increase its appeal to the international marketplace while offering professional development opportunities for the recipient.

Type B To assist market-experienced film and television producers to attend international markets to secure finance for a project or slate of projects; and enable producers to put in place the final elements of a financing plan for a well-progressed project or slate of projects.

Type C To provide producers with minimal or no experience of international film and television financing markets, who have a relevant project to pitch, the opportunity to attend an international market, develop their financing skills and networks, and further their project(s).

Type D To provide support for producers whose projects have been invited into key internationally recognised pitching and financing forums/competitions.

Type E To provide support for interactive digital screen content practitioners who have been invited to take part in, or whose projects are featured at, a key international interactive digital screen content workshop, forum, conference, festival or event and/or practitioners attending a key international interactive digital screen content market seeking finance.

Type F Exceptional Opportunity: To enable film, television and digital media practitioners an opportunity to travel to an international event that is not listed in any of the eligible events under Type A, D and E, provided the event, practitioner or production meet with eligibility criteria set out under Type F on page 23.

Definition of Terms

WHAT IS A BROADCAST CREDIT?

A production that has screened on a free-to-air or pay television channel in Australia or internationally. Community television is not considered an eligible broadcast credit.

WHAT IS A THEATRICAL RELEASE?

A release is defined as a theatrically distributed film that has been publicly exhibited for paid admission in a commercial cinema for a run of at least 14 days, in a minimum of three Australian cities, including Sydney and Melbourne, with an evening session in the first week. (NB: evening screenings not required for children's films.)

WHAT IS MARKET EXPERIENCE?

Market experience is a term to describe a producer who has attended a minimum of three international markets where they have successfully raised finance for a project(s).

WHAT IS AN INTERNATIONAL SALES AGENT?

An international sales agent sells the right to distribute or broadcast a film to local distributors or broadcasters either throughout the world or in specific territories, as stipulated in agreements. They do not typically sell a film directly to the public.

WHAT IS A CURRICULUM VITAE (CV) OR RESUME?

A CV outlines your previous experience and career trajectory, and illustrates your skills.

Your CV should include:

- a list of projects you have worked on. Only projects that have been completed and released should be listed, **not** projects in development
- the year each production was completed
- your role on each project
- the running time and type of production (eg short feature, feature, documentary)
- the key creative personnel on each project (writer/producer/director).

Please see the 'Sample CV layout' at www.afc.gov.au/profile/pubs/funding_fd.aspx.

WHAT IS A MARKETING PLAN?

A marketing plan is a strategy for maximising exploitation of your project and should include:

- details about the intended audience(s)
- ways in which the project will appeal to the intended audience(s)
- ways in which the project will reach the intended audience(s) through festivals, sales agents, distributors and broadcasters
- a USP (unique selling point) describing what is special about the project and what it says or does that has not been said or done before
- a one-liner describing the project that not only does the story justice but also sells the film.

WHAT IS A FINANCING PLAN?

A financing plan describes the strategy to secure maximum finance and participation in your project – who you will target and how, suggested sales agents and distributors, broadcasters, film funding agencies and private sector finance.

Eligibility for AFC Travel Grants

To be eligible for AFC assistance, applicants and projects must meet the following criteria:

- Applicants must be Australian citizens or permanent residents of Australia and be 18 years of age or older.
- The AFC is bound by the terms and conditions of the *Australian Film Commission Act 1975* (the *AFC Act*) and provides support to projects defined as 'Australian programs' within the terms of the *AFC Act*. Australian programs are determined according to the nationality of the principal creative positions, nationality of the production company's shareholders, nationality of the copyright holders, content of the story, sources of production finance and location for the production and post-production of the project.
- Applications cannot be considered from, nor contracts entered into with, individuals or corporate entities in default of their previous contractual obligations to the AFC.
- The AFC does not negatively discriminate on the basis of race, culture, gender or physical impairment or intellectual disability.
- Indigenous Australians are encouraged to apply for all AFC funding programs. However, separate programs are available to facilitate the participation of Indigenous Australians in the Australian industry (see 'Indigenous Branch' at www.afc.gov.au).
- An applicant cannot be a full-time employee of a state- or federally-funded film or television agency; commercial broadcaster or organisation (including the AFC, ABC, SBS, Network TEN etc).
- Travel should start and finish in Australia. Australian practitioners living and working overseas will only be eligible to apply for a Travel Grant under exceptional circumstances, for example, work commitments have them temporarily based overseas within one month prior to the commencement of the festival or market.

DIFFERENCES IN GRANT AMOUNTS

Grant amounts vary depending on type of Travel Grant, location of event and conditions offered to practitioner.

Market Travel Grants (Types B & C) incur greater costs (usually registration fee) whereas festival/digital media and pitching grants (Types A, D & E) generally offer practitioners free registration/pass and accommodation hence are set at a lower level. Exceptional Opportunity Grants are set at a maximum of \$4,000.

It is acknowledged that travel and accommodation costs to some parts of the world are more expensive thus there are discrepancies between grant amounts.

It should be noted that the above amounts are the maximum that will be given to any festival/market.

The AFC may also offer top up funds when applicants have obtained some funding from an external source (eg a state agency). In this situation, the top up funds would bring the total to no more than the indicative amounts listed above. (For example, if the applicant has received \$3,000 from another source for a Type A grant, the AFC will consider an application to top the grant up to \$4,500 thereby adding an extra \$1,500.)

How Travel Grant Applications are Assessed

Prior to submitting an application for any Travel Grant, the applicant **must** discuss their application with the Information Officer, Marketing Branch, in the Sydney office (see **Contact Details** on page 10). This is in order to address any possible eligibility issues for a particular type of funding.

Marketing Travel Grants for Types A (festival selection), D (pitching competitions) and E (digital screen content) are assessed once all applications for the event are received.

Marketing Travel Grants for Types B & C (market attendance) have set deadlines and applications are accepted in rounds.

Marketing Travel Grants for Type F applications are accepted at any time.

APPLICATION MATERIALS

The materials you are required to submit with your application are set out in the application form for each type.

Applications that do not include all the requested submission materials are considered ineligible and cannot be assessed.

Application material will not be returned by the AFC.

ACKNOWLEDGEMENT OF APPLICATIONS

The AFC will provide written acknowledgement of receipt of an application within seven days. If you do not receive notification within this time, please call us immediately.

ELIGIBILITY CHECK

The Information Officer, Marketing, with assistance from Manager, Marketing, will assess applicant and project eligibility according to the general criteria listed under 'Eligibility for AFC Travel Grants' (page 3), as well as the specific eligibility requirements listed under 'Eligibility' in each type.

Ineligible applicants will be advised by letter or email, and cannot be assessed for funding.

Assessment Procedures

The following describes the standard assessment procedures for AFC Travel Grant funding. Any variation to this process is set out under 'Assessment process' in each funding type.

Logging: Applications are logged by the Information Officer, Marketing.

Assessors: All applications to the AFC are read by two assessors (for Types A, D, E1 & F) and three assessors for Types B, C & E2. It is the role of the assessors to read all the applications for that specific funding round and rate them against the published funding criteria.

If an application has Indigenous content, it will also be assessed by an AFC Indigenous Branch Project Manager.

Funding criteria/ranking: Each application is evaluated according to specific funding criteria published under each Travel Grant type. The proposal is ranked against the weighted criteria and a final score calculated. So while an application may meet the stated criteria, it may not score as highly as other proposals that also meet the same criteria.

Assessment Report: Written by all assessors, these reports provide the reason for the ratings given for each application. The Assessment Reports are circulated between the assessors. The purpose of the Assessment Reports is to ensure adequate records are kept of funding decisions.

Funding Decisions: Funding decisions are made, within delegation, by the Manager, Marketing, taking into account the assessors' recommendations, the ranking of each project and the budget allocated for that funding program.

Funds are limited and demand on these resources far outweighs the AFC's ability to assist all applicants. Because of this, funding is not automatic even if films have been invited to festivals listed for Travel Grants.

Additional Information

Turnaround time for application decisions vary according to the type of grant (please refer to information on individual types).

Grants will not be awarded retrospectively.

Grants are offered on the condition that the successful applicant provides a detailed written report on attendance at the nominated festival or market. Excerpts of the reports (with the filmmaker's permission) may be reproduced on the AFC website for general market information.

Where you have not finalised your funding contract within the time stipulated in your letter of offer, then the AFC will have no obligation to provide funding and may withdraw its offer.

If you are in breach of your contractual obligations to the AFC (for example, if you fail to travel to the international festival) then the AFC may terminate its agreement with you and may revoke its funding.

Payment of Grants

AFC Travel Grants are non-recoupable.

Payment will occur in two instalments:

- 90 per cent of the grant prior to festival/market attendance and upon receipt of signed letter of agreement and a tax invoice
- 10 per cent upon receipt of written travel report and a tax invoice, received within two months of event conclusion.

GST Information

FOR INDIVIDUALS WHO HAVE AN ABN AND ARE REGISTERED FOR GST

If you are successful in gaining funding support from the AFC, you must provide the AFC with a tax invoice in the correct form in order to receive any payment. This invoice should be for the amount of the grant as agreed, exclusive of GST, plus an extra 10 per cent GST. The AFC will pay the 10 per cent GST on top of the grant or investment. It is the responsibility of the recipient to remit the GST to the Australian Taxation Office.

FOR INDIVIDUALS WHO HAVE AN ABN BUT ARE NOT REGISTERED FOR GST

If your application is successful, the AFC will pay only the amount of the grant, provided the applicant's ABN is on the application form.

FOR INDIVIDUALS WHO DO NOT HAVE AN ABN

In the absence of an ABN, the AFC is required by law to withhold 48.5 per cent of any payment and remit it to the Australian Taxation Office.

Notifying Applicants of Funding Decisions

Notification Period: You will be notified of results by mail or email as soon as possible.

Statement of Reasons: Unsuccessful applicants will have the ability to request a statement of reasons that explains why their application was unsuccessful.

Publication: Travel Grant funding approvals are published bi-monthly on the AFC website at www.afc.gov.au

Talking to AFC staff about funding decisions: Information about funding decisions can only be given if you are the original applicant and are listed on the application form. AFC staff who are not working in the Marketing Branch cannot provide any information about Travel Grant funding decisions.

Application Assessors

Travel Grant assessors are drawn from the Marketing Branch and in the case of Market Assessments (Type B & C) from the Marketing Branch and the Film Development Division. Assessments of applications with Indigenous content will also include an Indigenous Branch Project Manager.

Outside Consultants: Outside consultants engaged by the AFC to assess applications are always reputable, experienced and respected industry members with experience of markets, festivals and digital media events.

Conflict of Interest and Confidentiality

The AFC has a conflict of interest policy applicable to staff and consultants. This policy is available at www.afc.gov.au

Assessors are contractually obliged to withdraw from the assessment process if they have any personal or professional association with the project or key personnel that might compromise their ability to make fair and reasonable judgements, and/or that might provide grounds for a conflict of interest.

Staff and consultants sign an agreement acknowledging that access to applications and AFC records is granted only on the basis that all information contained therein is confidential and any information, whether obtained through access to AFC records or otherwise, concerning the affairs of the applicants will not be disclosed to any third party.

Applicant FAQs

WHY ARE SOME FESTIVALS AND MARKETS, AND NOT OTHERS, ON THE LIST?

The eligible festivals and markets that are listed, are those that have a proven track record in delivering the highest quality desired outcomes from attendance. These include exposure, sales, industry attendance, significant professional development opportunities, and significance both in Australia and internationally. The festival should also be exclusive in its selection.

WHY DO I HAVE TO PROVIDE A RATIONALE FOR ATTENDING WHEN I HAVE BEEN SELECTED TO SCREEN AT A KEY FESTIVAL – ISN'T THE INVITATION REASON ENOUGH?

The Travel Grant program operates on limited resources, and demand on these resources far outweighs the AFC's ability to assist, hence there is an assessment criteria that enables the Travel Grant assessors to decide who the funds will be granted to. The invitation or selection to screen at a festival makes up 10 per cent of the assessment criteria for Types A, D, E & F.

Applicants also need to be able to demonstrate an understanding of the benefits of travelling to that particular event with that project, and demonstrate realistic expected outcomes in the context of their role within the project and at the event in order to maximise the benefits of attending. Please see 'Assessment Criteria' under each type for more information.

CAN MORE THAN ONE PRODUCER FROM THE SAME COMPANY APPLY FOR A MARKET TRAVEL GRANT?

If two producers working for the same company have a different slate of projects, they can both apply for market Travel Grants. However when more than one producer applies from the same company they are effectively competing for the same funds.

WILL HAVING A MENTOR BENEFIT ME WHEN ATTENDING A MARKET?

It is highly recommended that for first or second time market attendees, you attach a mentor. A mentor who understands your projects, their suitability for market and are able to consult with you pre-market attendance as well as at the market is ideal.

CAN I APPLY FOR A TRAVEL GRANT IF MY FILM IS SCREENING AT AN AUSTRALIAN PROGRAM AT AN INTERNATIONAL EVENT?

No – films participating in Australian programs screening internationally or Australian festivals being held internationally are not eligible to apply. The Travel Grant funding is specifically for films premiering at established key international film festivals in key programming strands.

WHY ARE TYPE A TRAVEL FUNDS FOR DIRECTORS, PRODUCERS AND ACTORS – AND NOT WRITERS?

It is often the preference of international festivals that the director and/or cast are in attendance, and also the sales agent (where applicable), to assist with publicity and sales. Producers are also key at certain festivals to assist with liaising with publicists, sales agencies and festival on behalf of the team and assisting with sales and distribution deals in some instances.

IF MY FILM IS AFC FUNDED, AM I AUTOMATICALLY ABLE TO GET A TRAVEL GRANT, OR DOES IT INCREASE MY CHANCE OF GETTING A TRAVEL GRANT?

No – the Travel Grant program is available to all eligible projects and practitioners. How the production is developed or funded is not part of the assessment criteria and preference is not given to AFC-funded projects.

DOES THE AFC FUND INTERNATIONAL TRAVEL FOR CURATORS OR FOR AWARD CEREMONIES?

No – the Travel Grant program does not extend to curators travelling with a program they have curated or travelling to seek programs to curate. Award ceremonies are only available for consideration under Type E or Type F. In the case of Type F, the producer or director must be nominated for an Academy Award, a British Academy Film Award or International Emmy.

DOES IT HELP MY APPLICATION IF I SUBMIT A DVD OF MY WORK WITH MY APPLICATION?

No – the Travel Grant assessors do not assess applications based on examples of your work. Instead, the assessment criteria are listed under each Type. Please note if you do submit a DVD of your work, it will not be returned, and may be retained by the AFC library for future reference.

DEADLINE

Applications will be accepted throughout the year. - Where individual applicants are considering applying to both the AFC and another organisation for Travel Grant funds, the AFC will grant an amount that, when combined with other agency funds, is the equivalent of the maximum AFC funds available per AFC grant.
- Lead actors of feature films can apply for a Travel Grant of up to \$4,000 as a contribution towards their travel in the following exceptional cases:
 - the film is screening at Berlin, Cannes, Sundance, Toronto or Venice in a key programming strand

 - the producer/sales agent can provide a letter of support outlining the benefit of the lead actor attending the festival.
